

## UNIVERSITY OF CALIFORNIA, IRVINE

The Henry Samueli School of Engineering  
Department of Electrical Engineering and Computer Science

***The Department of Electrical Engineering and Computer Science*** at the University of California, Irvine invites applications for four tenure-track positions at either the Assistant or Associate Professor level. Applicants must have a Ph.D. in a related area, show excellent research potential, are expected to develop an externally funded research program, and have a strong commitment to teaching at the undergraduate and graduate levels. The successful candidates should have demonstrated experience and leadership in the development of and research in one or more of the following areas:

- RF Electronics/Antenna Arrays/Wireless
- System Integration and Software
- Embedded and Distributed Software/Software Architecture/Multimedia Systems
- Real-time Systems
- Communications and Computer Networks
- Computer System Design
- Optical Systems

The Department of Electrical Engineering and Computer Science currently consists of 34 faculty members and approximately 305 graduate students. The Department offers BS, MS and Ph.D. degrees in Electrical Engineering and Computer Engineering. The EECS Department research labs and instructional facilities include state-of-the-art computer network systems, high frequency electronics and wireless communication testing facilities and an Integrated Nanosystems Research Facility (INRF) for the development of semiconductor and MEMS devices, research facilities for photonics and laser research and a Center for Pervasive Communications and Computing (CPCC). Applicants with very strong research credentials at all levels are encouraged to apply.

Applications should include a detailed statement of research interests, resume and names and addresses of three or more references and be sent to:

Professor Jean-Luc Gaudiot, Chairman  
Electrical Engineering and Computer Science, ET 305  
University of California, Irvine  
Irvine, CA 92697-2625

Submission via electronic mail by attachment of PDF (preferred) or Word document can be made to:  
eecschair@eecs.uci.edu

You can visit Department of EECS website at:  
<http://www.eng.uci.edu/eecs>

Applications will be reviewed starting April 1, 2004 and continue until the positions are filled.

The University of California, Irvine is an Equal Opportunity Employer committed to excellence through diversity. UC Irvine has an active Career Partner Program and has a National Science Foundation Advance Gender Equity Program.
